Our Kind of Winter

Ski/Snowboard

Our ski/snowboard products are divided into four collections:

The lofoten collection. For big mountain freeride. Innovative features, bold colors, signature design.

The møre collection. Lightweight freeride, durable touring, progressive features and solutions with a subtle design expression.

The tamok collection. For backcountry functionality and style.

The lyngen collection. For ski touring. Pushing the limits of durable lightweight.

Mountaineering

Our mountaineering products are divided into two collections:

The trollveggen collection. Revolutionizing alpine climbing with the Gore-Tex jacket and bib in 1979, the collection is developed for first ascents and demanding climbs.

The falketind collection. Durable lightweight products for all seasons, any weather. Our most versatile collection.

Outdoor/Hiking

Our outdoor/hiking products are divided into two collections:

The femund collection. Timeless outdoor essentials, inspired by our heritage. Versatile, comfortable and long lasting, a natural element of the Norwegian "friluftsliv" lifestyle.

The arktis collection. Rooted in our history of polar expeditions and developed with explorer Børge Ousland, these highly durable products are made to withstand any arctic challenge.

Insulation

Our collections include three types of insulation technologies:

Our most breathable. Dynamic insulation keeps you warm and dry in high intensity activities through its high moisture transportation capabilities.

Our most versatile. Synthetic insulation has the advantage of keeping you warm even when its wet.

Our most packable. Down insulation has the highest warmth-to-weight ratio due to the properties of the down feathers.

Our mission is to create the greatest outdoor products.

Surrounded by the Arctic and Norwegian wilderness, the need to explore and a passion for the outdoors has always been in our DNA. We take pride in understanding and mastering the most demanding conditions nature has to offer.

With relentless dedication to quality, function, design, and sustainability, we have crafted products for uncompromising adventurers through four generations since 1929.

Welcome to nature.
